NAVY'S ECONOMIC IMPACT INCREASES 67 PERCENT

Norfolk, VA (CNRMA) – Commander, Navy Region Mid-Atlantic has released the fiscal year 2001 Navy economic statistical data for the Hampton Roads area. The attached sheet provides the impact data for the last two years.

While most categories show a slight increase, the number of active duty in Chesapeake and the Peninsula decreased. This is due to the restructuring of Naval Support Activity Northwest in Chesapeake, and the move of the USS NIMITZ out of Newport News Shipyard last year.

The increase in Annual Payroll for active duty military is a result of the significant pay raise during the year. Goods and services saw the largest increase. This is attributable to an increase in Appropriated Funds contracts awarded throughout the region, particularly in Newport News for construction of CVN-77 and the refueling of USS DWIGHT D. EISENHOWER.
